

# WoodLight

by Alain Monnens

Wood is one of the basic materials in the Wildspirit collection. It is a rather unusual choice to use wood as a raw material within the lighting industry, but it is our goal to offer an alternative to the traditional, cold raw materials used. WoodLight created a "hot sexy" armature that can be used in various interiors: from very modern to cottage and cocoon style.

## TECHNICAL SPECIFICATIONS

Dimensions - cm/inch	W. 7,5/2"9 - L. 125/49"2 - H. 8/3"1
Packaging - cm/inch	W. 12/4"7 - L. 130/51"2 - H. 12/4"7
Weight - kg/lbs	4/8'8
#cartons	2
Volume - m <sup>3</sup>	0,02
Technical	CE T 16 (SLS) X 1 / 54 W Cable length 300 cm

### Color

- Walnut stained
